

# State Supplied Vaccine (SSV) Workshop

## Influenza & Pneumococcal Information

May 16, 2017

# Agenda

- Immunization Administration Codes
- Vaccine Codes
- Review of Influenza and Pneumococcal Vaccine Codes
- Review of ICD-10 Diagnosis Codes
- Billing Information
- Flu Vaccine At Retail Program
- Contact Information

# Immunization Administration Codes

## 90460

- Immunization administration through 18 years of age via any route of administration, with counseling.
- Counseling is only recognized when performed by the professional, not office staff.

## 90461

- Immunization administration through 18 years of age via any route of administration, each additional vaccine or component, with counseling.

## 90471–90474

- Use these codes as appropriate in all other cases.

## G0008 – G0009

- G codes are applicable to BlueCHiP for Medicare and Plan 65 only.
- Do not report G codes in conjunction with CPT codes.

# Vaccine Codes

## **Influenza Vaccine Codes**

- 90630, 90653-90658, 90660-90662, 90664, 90672, 90673, 90674, 90682, 90685-90688, Q2034-Q2038

## **Pneumococcal Vaccine Codes**

- 90670, 90732

# ICD-10 Diagnosis Code

Code	Description
Z23	Encounter for immunization

# Billing Information

## Member Cost Share

- Flu immunizations are covered for all BCBSRI products.
- Be sure to follow standard vaccination billing protocol for all Plan 65 members. There is no cost sharing for BCBSRI members simply getting an immunization.

## Claim Form

- Please use a CMS-1500 (08-05), UB-04, or electronic equivalent. BCBSRI does not accept roster billing.

## Administration

- Bill an administration code for all immunizations—both state-supplied and non- state supplied.
- If the immunization occurs during an office visit, the member's office visit copayment applies. Please Note: If the intent of the visit is for an immunization only, no Evaluation and Management visit should be billed.

## Vaccine

- For state-supplied vaccine, bill the CPT code.
- For non-state-supplied vaccine, bill the CPT code and add a 22 modifier.

# Flu Vaccine at Retail Program

- **Rhode Island pharmacies** can report vaccine administration and supply using the pharmacy claims system for BCBSRI members.
- **BCBSRI members** who receive a flu shot from a pharmacy that has not agreed to participate in this program will be charged for the vaccine administration and will not be reimbursed by BCBSRI.
- **Outside of RI pharmacies** can submit flu vaccine claims for BCBSRI members. These pharmacies will be reimbursed for the cost of the vaccine and the administration fee under the assumption that they are not eligible to receive RI state supplied products.
- **Information** on the Flu Vaccine at Retail Program as well as a list of participating Rhode Island pharmacies will soon be available on the Provider Home page at [bcbsri.com](http://bcbsri.com).

# BCBSRI Reference Guides

## Medical Policies:

- Immunizations Adult and Pediatric
- Preventive Services for BlueCHIP for Medicare
- Preventive Services for Commercial Members

## BCBSRI Influenza & Pneumococcal Summary Sheet

- From the Provider Portal of BCBSRI.com, select Tools & Resources. Click on the “Publications” link, and then select “Important Reference Information.”
